LEAGUE FRANCHISE
IS OFFERED TO
ALBUQUERQUE

City Has a Chance to Take El Paso's Place on the Fast Copper Circuit this Season.

PASS CITY PLAYERS
READY TO SIGN HERE

Sound the tocsin, rally all the sporting and live-wire and boost clans! Albuquerque has a chance to acquire, ready-built, a class B baseball team and a franchise in a real league to match.

El Paso's place in the Copper league and El Paso's team is offered to this city. That is the team that came to the state fair last fall and swept the diamond in the \$1,000 tourney. Albuquerque can enlist that team under her banner and go forth and win the Copper league pennant.

Santa Rita, Hurley and Silver City are the other Copper league cities. They have organized crackjack teams, and that potential Albuquerque team would have a battle worthy of its mettle in fighting to the top of the ladder, and the argument over every rung would furnish sport to make an anemic bookworm sit up and read.

The chance to obtain the El Paso franchise and players was disclosed yesterday in a letter Mayor Sellers received from "Smiling Bill" Crawford, business manager of the El Paso team. The letter follows, sent from Faywood, Hot Springs.

"Seeing in the El Paso papers that the directors of the El Paso baseball club have decided to throw up the sponge, though I would write you in regard to some."

"There is nothing that advertises a city like a ball club, and here is your chance to make a great hit, with Silver City, Hurley and Santa Rita. They all have fully organized teams and the schedule has been arranged. You can get the players that El Paso has engaged for the Copper league. The salary limit could be held down to about \$200 a month and with the scheduled as arranged if you could get El Paso's dates the three clubs would visit Albuquerque three times a month, that is three weeks at home and one on the road, playing all three clubs one trip. I am now at Faywood and have met lots of Silver City people who have told me that the interest is at fever heat in all three towns. Every time a club comes to Albuquerque they would bring quite a bunch of rooters, and it would

be only a few months when the interest would be so great that the Santa Fe would run special trains carrying large crowds to your city. I am sure with such a class of baseball Albuquerque could with a subscription list make a great success. My only interest in this matter is to see the Copper league exist, as I helped organize same."

"Would be willing to lend you every assistance in my power. Have taken matter up with Silver City and if you think favorable wire me at once. There are some of the best players in the league who would be a big thing for Albuquerque, for you know all the players and visitors always spend their money. Another thing, Silver City, Hurley and Santa Rita have all class B teams which would insure great baseball."

"Yours very truly,
"W. S. CRAWFORD."

SMAULING FIGHTS
'FIGHTING GHOST'
TO A DRAW

(Special Dispatch to Evening Herald.)
Silver City, N. M., April 3.—Al Smaling of Albuquerque and Jeff Clark, the "Fighting Ghost" of Joplin, Missouri, fought ten fast rounds to a draw last night before a crowd which filled the Elks' opera house here. Both men were fast as lightning and the exhibition throughout was a magnificent showing of scientific boxing on both sides. There are some of the ring's experts who think that Clark did not extend himself to the limit, but this does not detract in any way from the excellent showing made by the Albuquerque colored man, who seems to be improving, growing faster and cleaner in his work with every fight.

FAST BOUT LOOKED
FOR TONIGHT IN
LOS VEGAS THEATRE

East Las Vegas, N. M., April 3.—Everything points favorably toward the big boxing contest tonight at the Duran opera house, when Young Duran of this city will meet Young Ad Wolgast of Los Angeles in a 10-round bout. The advance ticket sale has been good and the assurance of a large crowd is apparent.

Both fighters are in the best of condition for this bout and when they meet the fans are sure to edge about in their seats with interest. Duran is confident of victory, and says that following this bout he will prepare to meet the best in his class.

Wolgast is working for a match with Benny Chavez, and hopes after this bout to receive an acceptance to a challenge from the Fighting Mexican. Wolgast is confident of victory, but he may suffer a surprise when he meets the clever Duran.

ARE DOUBLED WHEN
VICE ZONE IS SHUT

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)
St. Louis, April 1.—Crimes against women have increased almost 100 per cent in St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter. Since the resorts on Lucas avenue were closed, complaints have been coming in from all parts of the city that the former inmates of the segregated quarter are invading the residence and business parts of town. Police investigation has disclosed that many women are now active in manuring and massage parlors. Adv.

Legal Forces Lining Up in
Grand Rapids for Baseball
Contest in Federal Court

(By Leased Wire to Evening Herald.)
Grand Rapids, Mich., April 3.—Samuel M. Clement, Jr., general counsel of the Philadelphia National league club, arrived in Grand Rapids today, accompanied by Judge William L. Carpenter of Detroit, to prepare for the hearing in the United States district court tomorrow of the case of the Chicago Federal league club to retain the services of William F. Killefer, Jr., the baseball catcher. The attorneys today filed the answer of the Philadelphia club to the bill of the Federal league. President William E. Baker of the Philadelphia National league is expected here tonight.

Killefer, who returned to his home in Paw Paw several days ago from the Philadelphia training camp, came to Grand Rapids this afternoon accompanied by his father, William F. Killefer, Sr.

MINISTERS BEGIN TRIAL
OF ERRING BROTHER

(By Leased Wire to Evening Herald.)
New York, April 3.—A court consisting of a committee of pastors, appointed by the New York East conference for the trial of Rev. Jacob E. Price of the Washington Heights Methodist Episcopal church began hearing evidence today.

Dr. Price is charged with improper conduct with women of his congregation. He is 50 years of age, and has served 27 years in church and reform work. His congregation has given him a vote of confidence.

Conviction Born of Experience.
The man who has used Chamberlain's Cough Remedy, and watched and felt and realized its remarkable curative properties will tell you that it has no superior for coughs and colds. The remarkable success of this preparation, aided by the personal recommendations of people who have been cured by it has made it one of the most popular medicines in use. Try it when you have a cough or cold and realize for yourself what a first class cough medicine will do. For sale by all druggists.

The 1913-1914 racing season at Juarez which has just closed was an unparalleled success, despite the fact that the country was in the throes of civil war and that much fighting and disorder took place around Juarez. The regular racing season of 100 days was extended to 125 days, because of the demands made by the racing public, and during the last few weeks of the extended season, the purses were larger than they had been at any time during the meet.

If Delmar Baker does not become a member of Detroit's catching staff this season it will be the first time in his career that the boy failed to make good. He has never drawn a blue envelope which is somewhat of a record in base ball. Baker was never traded or sold by a club to which he belonged, that is sold or traded to any club of equal strength or a club in some league classified below the one in which he played, proving that he was always satisfactory.

John L. Sullivan says that Jack Johnson will be dethroned as champion when he meets Frank Moran in Paris in June. He says, however, that Moran must hammer away at the champion's mid-section if he expects to win.

Mark Hall, the Detroit pitcher, is being taught the change of pace by Jean Dubuc, recognized master of that delivery. Mark is getting it down pat and will be able to take advantage of it when the season opens.

Mordcaul Brown, manager of the St. Louis Federals, is of the opinion that a pitcher should do his share of hitting, in addition to mound duty. In his day Brown was one of the most dangerous pinch hitters in the game, and many games were won by his timely hits, as well as by pitching prowess.

Johnny Kilbane, just off the sick list, has two matches in the near future, one with Gene Delmont, April 6, and the second with Franky Daly, April 13.

The Chicago Federals' lineup as practically decided upon includes three left handed outfielders, believed to be a new record for baseball.

Big league openings are highly important events, but they don't give any slant at the sure-thing dope on the big-league finish. Looking over the major league openings for the last ten years, one finds that the Pirates, who in this time have won only one flag, have landed eight of their opening controversies and so have the Braves, who generally have finished way down in the rack. The Naps, also non-pennant winners, have done splendidly at the kitchen, capturing seven contests. The White Elephants, with a record of four pennants in ten years, have broken away in front just six times, and the Giants, who have won five championships, have had only an even split in their pre-off combat. The McGrawites, moreover, have been blanked on opening day on four occasions.

Rob Mohs, the man who defeated Battling Levinsky, at Milwaukee, is one of the freaks of the boxing ring. Mohs is taller than a light house, and is shorter in the arms. Yet, with this handicap in height and reach, the Dutchman fights them all at 175 and 185 pounds and whistles many of them. Levinsky has called off a proposed match with Jack Dillon as the result of a severe attack of gastritis.

BANKERS CAPTURE TWO
GAMES FROM OIL CO.

The Bankers won two out of three games from the Oil Company five in a city league match at the Drummer alleys. High score was 151, made by McDonald of the Bankers.

"Some men take too much
stimulant—you don't
take enough"

It's a fact that the human body needs stimulation; ask your doctor. No stimulant ever made approaches, in good effect, the moderate use of good whisky. Our liquor is sold for purposes of mild stimulation; it is not the kind of whisky that excessive drinkers like or use. Pure as an infant's thoughts; mellow as a moonbeam; full-flavored and ripe—
